Show your body you care with these beauty treats (credit card required).

1 For a come-hither smile, use a whitening toothpaste with micro-wax particles. Try: White Glo Extra Strength Whitening Toothpaste Coffee and Tea Drinkers' Formula, \$4.80 (1).

2 Mix liquid illuminiser with a firming body cream, then rub it on your legs, arms and collarbone for a flawless sheen. Try: Nivea Firming Body Lotion Q10 Plus, \$6.50 (2), and All About Glo Face Illuminating Lotion, \$19.95 (3).

3 DIY laser-hair removal lets you zap away frizz at home - as often as you need. Try: E-One, \$2,695 (8), is super expensive but can be paid off in instalments. Visit e-one.com.au for more info.

4 False lashes add instant glamour. The glue-free, self-adhesive ones are best, as you can pop them on while stuck in traffic. Try: Revlon Fantasy Lengths Eyelashes, \$10 (7), and Clinique High Lengths Mascara, \$38 (4).

5 Peaches Geldof and Hilary Duff both use Headlines Hairpieces to add enviable volume and length to their locks. The snap-lock clip ensures no mishaps and, since it's made from 100 per cent human hair, you can use your GHD to style it. Prices start from \$200 (6). Go to headlineshairpieces.com.au

6 Before you step out for the day, don't forget a mood-lifting spritz of your favourite scent. Try: Gwen

Stefani's Harajuku Lovers Sunshine Cuties, sold in a set of five, \$140 (5). But hurry, as they're limited editions. □
